

Wild and Young

Mcfly

(One, two, one, two, three)
Ooh-ooh-ooh-ooh
Ooh-ooh-ooh-ooh, ooh, ooh
Ooh, ooh-ooh
Ooh-ooh-ooh-ooh
Ooh-ooh-ooh-ooh, ooh, ooh
Ooh, ooh-ooh

Sunset drinking, laid out in the field
Where we both grew up
And we drank too much
Closing time, getting thrown out of pubs
We weren't old enough
But it didn't stop us

Loving you
Was never a choice
When I hear your voice, the rest is background noise
And if they hate on us
We'll leave 'em in the dust

You to me are everything
I could ever want
We're wild and we're young
The sun shines down on the both of us
Two hearts beating as one
We're wild and we're young
Oh, believe me when I say it's all I ever want
We're wild and young

Waking up, wondering what we've done
And it hurts my head
Should we just stay in bed?
So I'm thinkin' 'bout you never leaving
Well, let's close it in
And make this a thing

Yeah, 'cause loving you
Was never a choice
And when I see your face, the rest is just a haze
And if they hate on us
We'll leave 'em in the dust

You to me are everything
I could ever want
We're wild and we're young
The sun shines down on the both of us
Two hearts beating as one
We're wild and we're young
Oh, believe me when I say it's all I ever want
We're wild and young

Ooh-ooh-ooh-ooh
Ooh-ooh-ooh-ooh, ooh, ooh
Ooh, ooh-ooh
Ooh-ooh-ooh-ooh
Ooh-ooh-ooh-ooh, ooh, ooh

Ooh, ooh-ooh

You to me are everything

I could ever want

We're wild and we're young

The sun shines down on the both of us

Two hearts beating as one

We're wild and we're young

Oh, believe me when I say it's all I ever want

We're wild and young
