**Mckenna Grace**

She's got something about her  
It's easy when you're around her  
A big smile and dark eyes you get lost in  
She's the first on the dancefloor  
Watch her laugh, the kind you would fall for  
She'll always be there when you're calling

She'll hold your hand in the crowd (Ahh)  
The kinda girl you'd write a song about

Natalie  
You move as natural as the breeze  
Every sentence that you speak has a hold  
Oh, Natalie  
You're as wild as the sea  
Could you teach me how to be so beautiful?  
I'd like to know

(Oh, oh-oh-oh, oh)  
Natalie

She's always fun at parties  
Walks in looking so carefree  
She shines and I feel a little lighter  
Brown hair right past her shoulders  
Confidence that makes her seem older  
I wish I was a little like her

She'll hold your hand in the crowd (Ahh)  
The kinda girl you'd write a song about

Natalie  
You move as natural as the breeze  
Every sentence that you speak has a hold  
Oh, Natalie  
You're as wild as the sea  
Could you teach me how to be so beautiful?  
I'd like to know

(Oh, oh-oh-oh, oh)  
Natalie  
(Oh, oh-oh-oh, oh)  
Natalie

Feel like the moon watching the sun  
So many stars but she's the one  
That everybody needs  
(Oh, oh, oh)  
I'd like to be like that for once  
How does it feel to be so loved?  
Could you show me how to be?

Natalie  
You move as natural as the breeze  
Every sentence that you speak has a hold  
Oh, Natalie  
You're as wild as the sea

Could you teach me how to be so beautiful?  
I'd like to know

(Oh, oh-oh-oh, oh)

Natalie

(Oh, oh-oh-oh, oh)
