

Colour March

mclusky

Reverse to the sea of the crime
Just a matter of time
Just a matter of walking behind

Never spike your pint of milk
With vitamin D, no
Build a house upstate in out [?]
And send it to me

'Til she comes and goes
You'll never get an answer from her
Real notes
Broke her heart again
Uh uh

Tied to an old fashioned joke
Lost your mind when she spoke
Just a cautionary note, reel it in

Never spike your pint of milk
With vitamin D, so
Build a house upstate in out [?]
And send it to me

Still, she comes and goes
You'll never get an answer from her
Real notes
Broke her heart again

Oh, only in the sun
Only in the sun drop
Out a cigarette
But only you would know
But only you could owe me
Out a cigarette
But only you would know
But only you could owe me
Out a cigarette
Only you would know
But only you could owe me
Out a cigarette
