If I can't kill Kenny then I can't do anything right
But if I can't kill Kenny then I can't do anything right

But If I don't get drunk then I'm not a slave to drink
But if I don't get drunk then I'm not a slave to drink

And if I can't kill Kenny then I can't do anything right, right
!
But if I can't kill Kenny then I can't do anything right

And If I stare too long then I'll probably stare too long
And If I stare too long, I'll probably stare too long!
God! Dammit! One-two!
