Rope!

I'm getting up to the city, okay!
Can't get it, don't get it anywhere!
Be nothing smell like a woman, eh?
With me, I'll be waking in a program!

Outside there's a bill on it, there's a ticket on this outside!
Outside there's an enemy, there's an enemy outside!
Outside there's a fire in it, there's a fire in it outside!
Outside there's a fire in it, there's a fire in it!
Woo! Woo! Woo!

I'm coming up to the city, yeah!
Can't get it, don't get it anywhere!
Be nothing smell like a woman, eh?
With me, I'll be waking in a program!

Outside there's a bill on it, there's a ticket on this outside!
Outside there's an enemy, there's an enemy outside!
Outside there's a fire in it, there's a fire in it outside!
Outside there's a fire in it, there's a fire in it!
Woo! Woo! Woo! Woo!

Oh she said she's going!
But she said she's going!
But she said she's going...
