

W.A.T.1

MCND

Come enjoy a night
In the wilderness
Dance under the stars
Until the dawn
Just keep going

Together climbin' up
The mountain tops
Lovin' the view
From up above

Turn it up, we're gonna play a new song
Scream your
Lungs out come and
Sing, sing along

We are the ones
We are paving the way
Here in
The whole new land

We are the kings
Of the wi-wild west
In the wilderness

Crossin' the ocean
We've traveled so far
A brand new adventure
Been workin' so hard
Just like roulette, oooh
We know
How to handle
Any gamble

Let us ride
Let's ride into
The sunset
And step into our universe
And we know the world is watchin'

Come enjoy a night
In the wilderness
Dance under the stars
Until the dawn
Just keep going

Together climbin' up
The mountain tops
Lovin' the view
From up above

Turn it up, we're gonna play a new song
Scream your
Lungs out come and
Sing, sing along

We are the ones

We are paving the way
Here in
The whole new land

We are the kings
Of the wi-wild west
In the wilderness

Losing track of time
Up here on cloud nine
We're shoutin' out to the crowd
They're chantin' our names
We are the one MCND and
We aim for the fame yeah
We put on a party each night
So bring your friends & live your best life now
We're dreamin' big and spin the wheel
Til' it's all becoming real
We'll be touring the west
Until we seal the deal

Let us ride
Let's ride into
The sunset
And step into our universe
And we know the world is watchin'

Come enjoy a night
In the wilderness
Dance under the stars
Until the dawn
Just keep going

Together climbin' up
The mountain tops
Lovin' the view
From up above

Turn it up, we're gonna play a new song
Scream your
Lungs out come and
Sing, sing along

We are the ones
We are paving the way
Here in
The whole new land

We are the kings
Of the wi-wild west
In the wilderness

We are the cowboys of
A bright, brighter
Future
Join us tonight and
Let us lead the way the way
Mother nature is our-our runway
We've got so much
New on our horizon
We know we're gonna make it, make it fly
High up there
In the sky

Come enjoy a night
In the wilderness
Dance under the stars
Until the dawn
Just keep going

Together climbin' up
The mountain tops
Lovin' the view
From up above

Turn it up, we're gonna play a new song
Scream your
Lungs out come and
Sing, sing along

We are the ones
We are paving the way
Here in
The whole new land

We are the kings
Of the wi-wild west
In the wilderness
