

## Beat Somebody Up

MDC

Here's someone that's different than you  
He ain't dressed right, what you gonna do?  
He ain't local he's from out of town  
So you rat pack's gotta beat him down

chorus:

Beat somebody up  
Got no reason except you enjoy it  
Beat somebody up  
So fucking stupid when you  
Beat somebody up

Jump him 'cause he tried to break up a fight  
Where we come from might makes right  
Three, four, five on one  
That's the way we get things done

chorus

I'm Joe Hardcore how about you?  
So I can beat up whoever I want to  
I'm big and mean better keep out of my way  
The new pig on your scene today

chorus

Beat somebody up  
No more scene there when you destroy it  
Beat somebody up  
So fucking stupid when you  
Beat somebody up
