

# Selfish Shit

MDC

I don't wanna see  
I don't wanna know  
I don't wanna change  
I'm narrow, quick to change  
quick to condemn  
quick to loose my temper  
I've learned the tactics to control your behavior

I don't wanna know  
The truth means self-denial  
My selfishness is hatred  
My hatred is greed  
The world owes me  
See me in my selfish womb?

I'll get what I want  
Or else I'll throw a fit  
Don't care who I take it from  
Cause I'm the selfish shit

Like a spoiled brat  
Greedy fat rat  
Haven't grown since birth  
A stillborn to death

I manipulate the fools  
Using people as my tools  
Built my defense and disguise  
By mixing up the truth with lies  
I suck the life out of you  
I suck the truth out of life

People are just toys in my game

I'm the master  
You're the whore  
I keep mine  
Give me yours  
Betray your trust  
Leave you poor  
In a pit  
Rich successful selfish shit  
Cold and callous selfish shit  
Denying it  
Selfish shit  
Every bit  
The selfish shit

Socialism for the rich  
Capitalism for the rest of you  
I train you, then drain you  
Then complain about you  
Pleasing myself means everything  
While it's misery to everyone else

Money is power  
Power is death

Death is my life  
My personal gratification  
My justification  
For the world situation  
My self love  
Has become my outward hate  
The world unconscious  
The alter-ego  
The selfish shit  
Every bit  
The selfish shit

The submission I employ  
The pain I cause  
The living hell I create
