Sleep A Little Less, Dream A Little More

MDC

Hey get out of your bed You're acting like a bore
Everything's a mess Play it more hardcore
Don't be playing dead We can hear you snore
Sleep a little less and Dream a little more

We're all in a bind It ain't so fucking fine
Get up and start moving 'Cause now is the time.

Get it to the groove And start to bust a move
Better shake your ass You've got nothing to lose
Shit's running low It's all out fucking war
Time to sleep a little less Dream a little more

So what you gonna' do It's up to fucking you
Time to make a stand And a freaking plan
Backs up to the wall We are all kinda' sore
Time to sleep a little less Dream a little more
