

I said goodbye to you on the weekend
And I missed you, I missed you
But like a hole in the head, hole in the head
I didn't wanna dive in the deep end
And I told you, I told you
But did you hear what I said, hear what I said?

You wanted this
You couldn't love me any more than you do
I wanted you
But something told me you and I would fall through

I didn't wanna have to pretend that I loved you, I loved you
But it was cold in the bed, cold in the bed
And I don't wanna feel the pain
Not doing this again, just want it to end
It's like a hole in the head, hole in the head

You wanted this
You couldn't love me any more than you do
I wanted you
But something told me you and I would fall through
And I know that I'm gonna be, know that I'm gonna be
Lonelier without you
You wanted this
You couldn't love me any more than you do

All you've planned
Will I miss your hands on me?
This began 'cause you kissed the thought of me
All you've planned
Will I miss your hands on me?
This began 'cause you kissed the thought of me

You wanted this
You couldn't love me any more than you do
I wanted you
But something told me you and I would fall through
And I know that I'm gonna be, know that I'm gonna be
Lonelier without you
You wanted this
You couldn't love me any more than you do
