

# Oxygen

Meadowlark

I was in a daze  
A feeling  
It's like a moment has passed me by  
Caught up in the waves  
An ocean  
And don't I know it  
Know it

You told me to breathe in heavily  
Close your eyes and see that it's not all it seems  
All this chemistry  
I've been breathlessly wanting more for me  
More

My body's alive with an oxygen that I've found in  
You, you, you, you, you, you  
I'm coming alive with an oxygen that I've found in  
You, you, you, you, you, you

You were my fire  
My kerosene  
We go up in flames  
A tower  
And don't I know it  
Know it

You told me to breathe in heavily  
Close your eyes and see that it's not all it seems 'cause

My body's alive with an oxygen that I've found in  
You, you, you, you, you, you  
I'm coming alive with an oxygen that I've found in  
You, you, you, you, you, you  
And I won't see another one, one like  
You, you, you, you, you, you  
And I won't find another one, one like  
You, you, you, you, you, you

And I won't see another one  
My body's alive with  
Oh  
And I won't find another one  
You, you, you, you, you

My body's alive with an oxygen that I've found in  
You, you, you, you, you, you  
I'm coming alive with an oxygen that I've found in  
You, you, you, you, you, you  
And I won't see another one, one like  
You, you, you, you, you, you  
And I won't find another one, one like  
You, you, you, you, you, you
