

Undercover

Meadowlark

Wait it out, wait it out
We are gonna break this drought
Hear us out, hear us out
We are gonna say this loud

'Cause in the heart of all of this
In the heart of all this
We're one stop away-ay
We're one stop away

Will love, will lovers
Outthink the thinkers?
Go undercover
Hear me out, hear me out

Just a face in the crowd
No one's gonna turn around
Just a name out loud
Go ahead and take a bow

'Cause in the heart of all of this
In the heart of all this
We're one stop away-ay
We're one stop away

Will love, will lovers
Outthink the thinkers?
Go undercover
Hear me out, hear me out
We'll climb the wires
And we'll find white waters
Go undercover
Hear me out, hear me out

Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out
Hear me out, hear me out

Will love, will lovers
Outthink the thinkers?
Go undercover
Hear me out, hear me out
We'll climb the wires
And we'll find white waters
Go undercover
Hear me out, hear me out
Will love, will lovers
Outthink the thinkers?

Go undercover
Hear me out, hear me out
We'll climb the wires
And we'll find white waters
Go undercover
Hear me out, hear me out
