

Take Me Dancing

Meaghan Smith

Your leaving's been a long time coming
Coulda seen it from a mile away
Found a ticket dated for the morning
Only one and only one-way

Miles to go, promises to break
Mess me up for old times sake

Take me, Take me honey
Take me dancing out all night
Take me, Take me, come on
Take me dancing one last time

Your moves made me a firm believer
The night you swept me off my feet
But your loving gave me such a fever
I was blind to every lie and cheat

Pull me close then push me away
Mess me up for old times sake

Take me, take me honey
Take me dancing out all night
Take me, take me, honey
Take me dancing one last time

Let's go make a final mistake
Mess me up for old times sake

Take me, take me honey
Take me dancing out all night
Take me, take me, come on
Take me dancing one last time

Take me, take me, come on
Take me dancing one last time
