

Blood Red Sky

Mean Streak

Leaving ground, fly by night
No traces of me when I'm gone
No way back one last fight
The circle will close when I'm home

Sealing my fate at the end of the line
Ready to settle the score
Make my way home I don't know what I'll find
Frightened like never before

Now I'm on my way, flying high
Going home, blood red sky

Lesson learned, now I know
You can't run away from your fate
Some day soon, time will tell
Salvation or am I too late

Listen to voices who's calling my name
Reaching for long lost time
Everything changes and I ain't the same
Return to what I left behind

Now I'm on my way, flying high
Going home, now I'm
On my way, flying high
Going home, blood red sky
