

## Tears of the Blind

Mean Streak

Taking life for granted  
Taking life for free  
Living like there's no tomorrow  
Choosing not to see  
All the things you've left behind  
All the things you've lost  
Time to set the record straight  
Time to pay the cost

And I, I've seen it all  
So I, predict you fall

When you stand at the gate  
Closing your fate  
Will someone be there by your side  
At the end of your time  
What will you find  
Crying the tears of the blind

Sucking up for friendship  
Setting out your goal  
Breaking every bit of trust  
Selling out your soul  
Sometimes you need to search inside  
Maybe you will find  
The price you paid is all too high  
What did you left behind
