Tunnel Vision

Mean Streak

I've been waiting for forgiveness
As I try to find my way
Through the darkness and the pain I feel inside

I have lived among the shadows
I've been hide away from light
Now I'm reaching for the last of my returns

So unreal is the pain I feel
Lost inside forever
Lost and blind in my mind
No sanctuary to find

Tunnelvision, can't see the light
Tunnelvision, trapped in the night

In my shelter made of hatred
I was making all the rules
There was nothing they could take away from me

In my golden resurrection
As a fenix from the dead
I will try to stay alive open my eyes

So unreal is the pain I feel
Lost inside forever
Lost and blind in my mind
No sanctuary to find

Tunnelvision, can't see the light.
Tunnelvision, trapped in the night
