

## Makeshift Heart

Means

Here in this moment,  
You're forming me from miray clay  
Your making me  
Your raising this up in me where I was made  
Your stirring this up in me, like the deepest ocean  
If you break my heart, then you break my life,  
But don't break what I was meant to do  
Makeshift  
Don't take another step  
This is what we're made for  
Makeshift  
You were made as we rise up from the dust  
You grab my heart,  
You grab my hand
