

# My Everything

Means

He will be  
Your everything  
All your answers; all your darkest questions  
And in our hearts a light will shine always  
And we'll never be the same.  
All you have is your word,  
And every passing beat of your heart.  
Down into my heart; you became everything.  
You became answers and you became all my darkest questions.  
Jesus-My everything.  
With all of my heart...
