

## Another Moon

Meat Puppets

All these nights have made me crazy; I can't seem to come around  
d  
Days of hiding in the sunshine feeling nighttime's falling down  
Oh, I see another moon over me  
All these lies have got me thinking maybe this is just a thought  
t  
Soon my ship of thought is sinking, slipping through the thinking knot  
Pulling back the veil are monkeys, hidden there are monkeys more  
e  
Someone spills a jar of honey; sticky monkeys crawl the floor  
Oh, I see another moon over me
