## **Things**

## **Meat Puppets**

Shadowed is the game Rodent be thy claim Any open door Leads to instant things

Make me go away
Take me to a place
Do some things to me
Make me go away
Ancient things design
Make me go away

Over is the game Captured have you been Twisted was part two Ageless is the end

Things we must not do
Must not walk through walls
Also also don't
Do some things we did

Is this thing an oak?
What kind of a tree
This here must be swept
Must do instant things

The smell of blue perfume Present in design I've a need to talk Let us speak of things

Nothing do I know
But loudly do I ring
Also don't
Do some things we did
Make me go away
