

Embers

Media Lab

Break me, release me, take my soul away, your blinding everythi
ng
Smiling, I'm crying, running through my veins, erasing everythi
ng
Now everything is grey, ashes blown away
I'm drifting further everyday
Reliving hell everyday, everyday, come on and make me fall, fal
l, fall
Embers burning away
Use me, abuse me, controlling night and day, releasing all my p
ain
Dying, I'm falling into this hell again, take over me my friend
I can feel you pulling - I cant feel my soul
