

Journey ft. General Levy

Medial banana

Jah guide and protect we
And keep we safe pon we journey
Jah nuh stop guide and secure we
guide and protect we
Even when dem try disrespect me
My jah jah nuh go neglect me

Come again hear di pokyman scream
We and general nah go melt like ice cream
Guidance pon us like pon di big screen
We ago rise up wise up come fallow me

See dem a conquer
See dem a fall
Anada soundbwoy
Joss loose a war
Some a dem close
And some a dem far
Some a dem marching
Joss fi di scar
But jah keep we safe
he keep us strong
Guide us pon journy
to neva go wrong
To always look straight
An neva loose faith
From tip of mi tangué
To roots where i belong

Cyan suffer and suffer proper like di old cracker i&i beg ya fi
guidance
In case of matta of any matta no matta whatta let we aks ya fi
guidance

Keep it calm and let me meditate
Gimmi di guidance let me concentrate
Pon our journey love we generate
New values we haffi recreate

Pokyman verse 2:
Journey of ya soul
Nat all dat glitters moss be gold
Joss a story not a history
and truth was neva been told
Guide us as we roll me haffi roll one more hi score tuff core b
etta big than a small
