

New way

Medial banana

It's a new way
So we a pray we a pray
Fi di new way
Fi di betta day betta day

We neva give up
Allways we fight
We do see good
Cus we high like a kite
So if ya can't see
Like inna di night
Just turn up di light
And see di world bright

Nuffadem hustling joss fi show likkle style
Nuffadem struggling haffi mek it tuff an wild
But we sekkle dat every mikkle mek a muckle
Rise ya head we ago sekkle di strong firm example

Trust in higher order cyan believe in legal murder
Babylon is too weak now cyan reach us any further

What go around haffi come around
But we stand like stone on solid ground

Cuz its a new day
And thisya new way
Now its a high time
Stand up and rise we go straight for reality

Live it up and live it up
and neva you go give it up
Speak it up and speak it up
lift up ya head to see the top
Light it up and light it up
Jah love it ago bright it up
Give it up nuh give it up
di only way fi live it up!

Live it up and live it up
and neva you go give it up
Speak it up and speak it up
lift up ya head to see the top
Light it up and light it up
Jah love it ago bright it up
Give it up nuh give it up
di only way fi live it up!

Moss a dem youth a losing dem way
and moss a di route go lead inna maze
cuh moss a di words nuh mean what dem say
and moss a dem leave too likkle dem stay

Some people are strong some people dem wise
some telling di truth and some a dem lie
some loose dem tooth some a dem cry
some find dem roots so dem ago fly

Some a dem shoot ceh dem a too high
Dem wear di suits and dem di ties
so we bun and go loot it's our reply
cuh we are di fruits of a brand new design

Live inna honesty stay outta trouble
Reject di cruelty yuh nago stumble
Reach fi di quality always stay humble
Nuh wanfi quantity cuh di ceiling will crumble

Cuz its a new day
And thisya new way
Now its a high time
Stand up and rise we go straight for reality

Live it up and live it up
and neva you go give it up
Speak it up and speak it up
lift up ya head to see the top
Light it up and light it up
Jah love it ago bright it up
Give it up nuh give it up
di only way fi live it up!
