

Acquaintances

Medium Build

How it feels to be held by you
Face pressed to your chest
Is how it feels to be lucky
How it feels to be rich

How it feels to be loved by you
Naked on the floor
Is how it feels to have power
What it feels like to want more

Then one by one
Two by two
You hurt me
I hurt you
Feelings stop
There it is
Two best friends now
Acquaintances

How it feels when you share with me
Open up, say my name
Is how it feels to be trusted
What it feels like to be famous

How it feels to be in love with you
And made a fool of with words
Is how it feels being spit on
How it feels to be yours

Then one by one
Two by two
You hurt me
I hurt you
Feelings stop
There it is
Two best friends now
Acquaintances

Started thinking you and I
Could have been bigger than
Acquaintances

Started thinking you and I
Could have been bigger than
Acquaintances

Started thinking you and I
Could have been bigger than
Acquaintances
