

## Be Your Boy

Medium Build

Do you only love me when I make you happy?  
Would you love me if I moved back to The Valley?  
Would you still love me if I cut off all my hair?  
Would you take care of me and buy me decent things to wear?  
Do you think it's funny that we're never sober?  
Do you wish we could've met when we were older?  
Do you still think about the lovers that you've had and wonder  
why they're in your head?

Oh boy  
Tell me how to be your boy

Tell me how to be your boy

Do you think that I could really make you happy?  
We get money, buy a house out in The Valley  
Copy couples that we said we couldn't stand  
Mistakes and accidents that everybody thinks we planned  
So much of life has got you feeling tired  
Would you still read me, baby, if I weren't required?  
I care about what you say, believe, and think  
Are you the person I've been dreaming up between the sheets?
