

## Dad's 4Runner

Medium Build

Tito's in your soda water  
Gold chain that your boyfriend bought ya  
Tiptoeing through the garden  
You got everything I need  
Joy ride in your dad's 4Runner  
Different day, same shit all summer  
Play it cool, fake friends if you wanna  
But you're a loner just like me

And if you wanted to  
We could rendezvous  
I could be the one  
To finally show you some fun, babe

You, you got everything you wanted  
You got everything you need  
Yeah you got it all figured out  
No doubt  
Know your shit  
Made your money  
Got the man  
Got the house  
So what  
You got everything but me

Everybody in your life neglects you  
Burn out same spot, broke record  
Sick of people saying you could do better  
But you got something they don't see  
And life isn't long enough  
To stay in those walls they got up  
I know that you're feeling stuck  
But you can always jump

Yeah you got everything you wanted  
You got everything you need  
Yeah you got it all figured out  
No doubt  
Know your shit  
Made your money  
Got the man  
Got the house  
So what, yeah  
You got everything but me
