

Goodbye - Badguy

Medium Build

There ain't no easy way out of this
I'll be the villain if I have to
Hammer you down to your crucifix
Give you one hell of a story

I kinda thought you'd be into this
It's good to finally see your dukes up
I bet a stranger'd be interested
In watching us go to work

So, I'll be the bad guy
I'll say the goodbye
I'll do the hard work
I'll say the goodbye

I'll be the bad guy
I'll say the goodbye
I'll do the hard work
I'll say the goodbye

You said that I never loved you
But dude I bet you feel relief now
You use to worry constantly
Whether our love was a good love
Our love was good there was passion, babe
And ending didn't make it bogus
I deleted all the pictures
We ain't gotta ruin each other's lives

So, I'll be the bad guy
I'll say the goodbye
I'll do the hard work
I'll say the goodbye

I'll be the bad guy
I'll say the goodbye
I'll do the hard work
I'll say the goodbye
