

I Heard

Medium Build

I heard that you got a new boyfriend
I heard that he treats you well
I heard he's going to buy you a diamond ring
I heard he's gonna raise your vail

I heard that he's calm in traffic
I heard that he makes me look dumb
I heard that he gave you his jacket
I heard he always makes you cum

You heard I'm taking pills
You heard I'm making deals
With the liars and the demons and the devils and the thieves
And you heard I'm not doing so well

I don't plan to confirm it
Tell you how your fears came true
I'm an addict and a liar just trying to get higher
And fill the whole shape like you

Fuck I hate your new boyfriend

I heard that he doesn't look at porn
I heard that he doesn't like drugs
I heard he went fishing with your dad and he always gives your
mom a hug

You worried I'd kill myself
Slit my wrists go straight to hell
And in funny way I did just that
And all that's left is the shell

Fuck I hate your new boyfriend
Fuck I hate your new boyfriend

A powdery chalky taste
Warm embrace of disgrace
Pressed in every pill I see you face

Fuck I hate your new boyfriend
Fuck I hate your new boyfriend

(Fuck you Drew)
