

# I Love Cherry

Medium Build

I like Cherry  
She looks good  
Cherry's new in the neighborhood  
Look at her ponytail  
Man, look at that bike  
Gotta find a way to ride with Cherry tonight

But Cherry is locked in her room at night  
Protective mom won't let her out of sight  
How can I make Cherry see  
She should be riding with a boy like me

I like Cherry  
I like Cherry

I like Cherry  
She's so cool  
Gonna try to talk to Cherry after school  
I carved our names on every tree  
We're one-on-one  
She's finally talking to me  
Cherry, how can I make you see  
You're all I need

I love Cherry  
Want to scream out loud  
Let me walk you home from school  
I wanna make your mamma proud  
I'll be your defender, baby  
Your shelter from the rain  
Over and over  
Wanna tell the whole world that

I love Cherry  
I love Cherry

I love Cherry  
I love Cherry

I love Cherry
