

# Make Believe

Medium Build

Hold me underwater  
Take me by surprise  
I don't wanna wait forever  
I don't wanna wait at all

Holy is the water  
Pulling like a tide  
I don't wanna fight forever  
I know I can't fight forever

Maybe it's only make believe

Pull me around your fingers  
Glue me to your heart  
I know I can't fight forever  
I don't wanna fight at all

Only will I follow  
If worthy is the cause  
I don't wanna wait forever  
I don't wanna wait forever

If this is only make believe  
Then why can't I forget it  
If this is only make believe  
Then why can't I forget it

I don't wanna wait forever  
I don't wanna wait forever  
I don't wanna wait forever  
I don't wait at all
