

Make Believe

Medium Build

Hold me underwater
Take me by surprise
I don't wanna wait forever
I don't wanna wait at all

Holy is the water
Pulling like a tide
I don't wanna fight forever
I know I can't fight forever

Maybe it's only make believe

Pull me around your fingers
Glue me to your heart
I know I can't fight forever
I don't wanna fight at all

Only will I follow
If worthy is the cause
I don't wanna wait forever
I don't wanna wait forever

If this is only make believe
Then why can't I forget it
If this is only make believe
Then why can't I forget it

I don't wanna wait forever
I don't wanna wait forever
I don't wanna wait forever
I don't wait at all
