Medium Build

You say it's over not going to stay  
You packed your bags, you're going away  
Rachael, Rachael  
Tell me where I went wrong

When we were steady, I held you tight  
Now I don't know who's arms you're in at night  
Rachael, Rachael  
Tell me where I went wrong

Was I something that I said  
Was it something that I did  
Was there another lover waiting all alone?  
Rachael, Rachael  
Tell me where I went wrong

When we are older, I'll come to mind  
I hope it breaks you woman, and makes you cry  
Rachael, Rachael  
Tell me where I went -  
Rachael, Rachael  
Tell me where I went -  
Rachael, Rachael  
Tell me where I went wrong  
Tell me where I went wrong
