

# Talk Like A Human

Medium Build

I'll make a scene  
Then I'm goin' to walk to the store  
I need to get us some drinks  
But you know I don't drink anymore

But last night, I forgot  
I forgot how to talk like a human  
I threw it all in your face

But last night, I forgot  
I forgot how to talk like a human  
I threw it all in your face

I'm driving  
I got a lot of fucked up things going through my head  
I'm smiling  
I don't wanna think about all the things I said

I'll make a scene  
Then I'm goin' to walk to the store  
I need to get us some drinks  
But you know I don't drink anymore

But last night, I forgot  
I forgot how to talk like a human
