

I've been living off of handouts
I've been handed life advice
Be a good hang, a decent guy
Shit should work out for you, mostly

I've been drinking til I blackout
Yeah, there's a whole new me at night
Someone who grabs the wheel of life
And then drives home drunkenly

I don't know where I went wrong
I don't know where I went wrong
But it's to late baby to figure it out now
So, I guess I'll be alone

I've been sleeping with a woman
Who says I'm too much like her dad
Too in love with my own head
A product of white male privilege

Ain't been looking where I'm goin'
Yeah, my face is glued to my phone
But all this information needs a home
Babe, I'll be in bed in JUST a minute

I don't know where I went wrong
I don't know where I went wrong
But it's to late baby to figure it out now
So, I guess I'll be alone

All that they told me was to make plans
I don't want to mess them up again

So I'll buy a house and I'll move in
And I'll have sex just to have kids
And I'll get a job, work real hard
Hang rope lights in the backyard

Buy a minivan, drive across the state
Buy another house, out on the lake
And everything will be alright
I said oh my God, we'll be just fine

I said oh my God
I said oh my God
I said oh my God

I don't know where I went wrong
I don't know where I went wrong
But it's to late baby to figure it out now
So, I guess I'll be alone

I don't know where I went wrong
I don't know where I went wrong
But it's to late baby to figure it out now
So, I guess I'll be alone
