

# Headrush

Meduza

Hello  
Yo  
I don't know if you can hear me  
Come here, I don't know where I am right now  
I got headrush

Ah, one sec  
Ah, one sec  
I literally think that someone's watching me right now  
And I need to stay on the phone  
Hello?

Oh

(Headrush, headrush, headrush, headrush, headrush, headrush, headrush)

I'm so tired  
One sec  
Honestly, I think if I knew that it was gonna end up like this  
I probably wouldn't have come  
Nobody told me this, I'd have nights like this  
Oh... Literally, I have no idea who I am  
I need to stay on the phone  
Hello?

I got headrush  
(Headrush, headrush, headrush, headrush, headrush, headrush, headrush, headrush)  
I got headrush

(Headrush, headrush, headrush, headrush)
