

Phone

Meduza

I guess I'll try call her again

Thought we were something
But now we are nothing
I did something wrong
But I don't know what
Just want you to want me
But you just want to leave me at the tone

Why don't you pick up the phone when I'm all alone
Do you hate me?
Hits me like a heart attack when you don't call back
Someone save me

Why don't you pick up the phone when I'm all alone
Do you hate me?
Hits me like a heart attack when you don't call back
Someone save me

It keeps ringing
On and
On and on and on and on and on and on and on and on and on and

I'm tired of waiting, overcomplicating
Things will never change, always stay the same
Better to be broken, so I'm just gonna leave you at the tone

Why don't you pick up the phone when I'm all alone
Do you hate me?
Hits me like a heart attack when you don't call back
Someone save me

Why don't you pick up the phone when I'm all alone
Do you hate me?
Hits me like a heart attack when you don't call back
Someone save me

It keeps ringing
On and
On and on and on and on

(Hello, no one is available to take your call
Please leave a message after the tone)

Why don't you pick up the phone when I'm all alone
Do you hate me?
Hits me like a heart attack when you don't call back
Someone save me

It keeps ringing
On and
On and on and on and on and on and on and on and on and on and
