

Playground

Meduza

I've seen your face around here
Come alone, tell me under the table
What do you seek?

Who told you what was down here?
Come along, if you wanted a peek

I've seen your face around here
Come alone, tell me under the table
What do you seek?

Everybody got a price 'round here to play
Make me an offer, what will it be?

Welcome to the playground, follow me
Tell me your nightmares and fantasies
Sink into the wasteland underneath
Stay for the night, I'll sell you a dream

Welcome to the playground, follow me
Tell me your nightmares and fantasies
Sink into the wasteland underneath
Stay for the night, I'll sell you a dream
