

Upside Down

Meduza

If I fall too deep, will I come back 'round?
I can barely see, but I hear the sound
When you're up so high, you can't find the ground
Yeah, it's hard to breathe when you're upside-down

When you're upside-down

When you're up so high, you can't find the ground
Yeah, it's hard to breathe when you're upside-down

If I fall too deep, will I come back 'round?
I can barely see, but I hear the sound
When you're up so high, you can't find the ground
Yeah, it's hard to breathe when you're upside-down
When you're upside-down
When you're upside-down
When you're upside-down
When you're upside-down
When you're upside-down

When you're upside-down

When you're upside-down
