

# Big Dreams

Meek Mill

If you ain't got a dream, you ain't got nuttin'  
A lot of niggas changed on me when I got money  
Said it come with the game and this what I wanted  
So I'm a hustle like the first time, I got fronted for the love of the dream  
And the Love of the team  
Put Together, a circle, they couldn't come in-between  
Went from lint in my pockets, to using money machines  
I got my city back poppin' and they don't want me to leave  
No, they don't want me to leave  
But I gotta go and get it though  
Time is money, and I'm on mission though  
Poppy gotta eat, niggas shootin' 'round my momma wait  
Cops run in my sister crib, I swear I gotta find a way  
Try to take the million dollars and I'm like a dime away  
Never asked a nigga for a hand, I always grind away  
Watch my little rats, smoke my little weed  
Sold a little crack just to fill my little needs  
I was 16, gettin' on my little knees  
Askin' da lord please, help me get a little cheese  
It was hot out, same time it was yard out  
In a jungle where niggas will rip your heart out  
Cold summers where niggas a bright starve out  
Wanna be a kingpin from watch a nigga ball out  
Could you blame us, devil was tryna chain us  
We just tried to fix the roof leak when it was rainin'  
We just tried to keep the house warm when winter came in  
But they rub the detainers, lockers and cells of strangers, the razors  
The animal go in cages, that's what the slave masters told the workers when  
they slaved us

Small city, big dreams  
I've been waiting on this day since I was 16  
Since I was 16  
I've been waiting on this day since I was 16

Small city, big dreams  
I've been waiting on this day since I was 16  
Since I was 16  
I've been waiting on this day since I was 16

Rock man told us sun don't shine  
You know if his daddy hustled then his son gone grind  
His father was locked up, now the son doin' time  
When certain niggas get to starvin' know that gun shine  
Two felonies on his record, he got one more time  
Get that, push that, he don't want no job, lost hope  
Some niggas don't even want no God  
They just want a little money just to come through fly  
Cause nobody ever listens to the broke nigga  
Cause when you broke, be considered as a joke nigga  
If you a joke, you consider as a hoe nigga  
And no nigga wanna live like livin' poe nigga  
Small city, big dreams  
I've been waiting on this day since I was 16  
Sellin white girl, I'm talkin' Christine  
Young boy with dreams touching that big screen

Small city, big dreams  
I've been waiting on this day since I was 16  
Since I was 16  
I've been waiting on this day since I was 16

Small city, big dreams  
I've been waiting on this day since I was 16  
Since I was 16  
I've been waiting on this day since I was 16
