

## I Get It

Meek Mill

Stepping of of that lear, diamonds on me so clear  
Dime hoes that I share, y'all couldn't go near  
I say, pussy nigga I dare, you try and reached and get aired  
You fuck around and get checked, doctor pump your chest like cl  
ear  
Yea my niggas ball all year, y'all niggas so square (lame)  
And all my niggas so live, why the fuck would I care  
When that Lambo flow by, y'all suckas gon' stare  
And all them haters gon' hate, fuck them, cause all them hoes g  
on' cheer  
Yea my might life and my bite life got a bad bitch and she tigh  
t and nice  
Cause I'm countin green in my money machine, that bitch sound l  
ike I  
Typewrite  
Hustle hard in that daytime but I ball off in that night life  
My chain lit with them black stones, but they shine hard as yo  
white ice  
Cause yo shit fake and yo shit late, no birthday but I get cake  
Lame nigga yo album ain't fucking with my mixtape  
Nigga smoking that Cali kush, that shit strong no lift weights  
I tell niggas don't watch me while time tick on that big face

Young nigga I get it, young nigga I get it  
Neck full of that gold, gold Rollie go with it  
Gold H on my belt, phone full of gold diggers  
Sipping gold bottles of Spade, tell them hoes go figure

Wake me up and I'm snoring, choking over whole gang of chains  
She slept over the morning, a nigga ain't good with this naming  
game  
Ain't need you fucking me over, pyramids on my pinky ring  
And we dipping out, she pulling in, I guess she get the hang of  
things  
So what up (what up), I told her shut the fuck up  
When I run my mouth diamonds falling out, I guess that bitch do  
ne nut up  
Crazy thing about it, her best friend is riding shotty  
I knocked her down in her 'Rari, then drove off on Ducatti  
Holy mother Mary, guess who hitting my Berry  
A pair of double D's, I guess she out in Paris  
Damn Tony them cantaloupes, fuck about getting Mary  
She said her ex was Larry, but fuck that nigga Larry  
Damn this shit is scary, I thought I seen the fairy  
Fucking with that white milk, just might call it dairy  
Ride around just me and Meek, a couple dimes and that's 20  
Sit behind while we pull around, we might blind with canaries
