

# I'm Da Plug Freestyle

Meek Mill

Jumpman, Jumpman, Jumpman  
Jumpman, Jumpman, Jumpman  
Ain't nobody tell 'em, this ain't what they want man  
You ain't really write it, I'm like "who's your stuntman?"  
Back to back, the Maybach, I be really stuntin'  
Really I'm the plug, really I'm the plug  
Really I'm the plug, really I'm the plug  
Steppin' out in blood, walkin' through the mud  
We got all the guns and got all the drugs  
I went and spent \$250 on my cousin's case  
To beat his body, shit I coulda bought a fuckin' Wraith  
But now he home, I make him put you on the fuckin' plate  
So many hundreds, got them bitches fallin' out the safe, ho!  
Money make them bitches swallow everything  
Bought my chick a rock, that shit look like a wedding ring  
Out in Philly, I'm like Pablo in the Medellin  
Hundred bricks, we got 'em bouncin' like a trampoline  
36s, 28, we sellin' pizza, nigga  
If you ain't starve with the Chasers, you ain't eatin' with us  
Shit, they was tryna ride the wave, jetskiing niggas  
But I'm so stuck up in my ways, I don't be with niggas  
I don't know them guys, y'all believe them niggas?  
Headbands and double parks, do y'all see them niggas?  
We the type to run up on 'em, try to leave them niggas  
We really started from the bottom, unlike, we them niggas  
You took her to an island, I fucked her on a couch  
I fucked her in the studio, she never seen my house  
She told me that you're lame, I told her clean you out  
I got that pussy same day she made you eat her out, woo!  
Was that my girl's tour or the world tour?  
I do not know what you pussy niggas goin' for  
This that hundred K a night when you perform tour  
Swimmin' in that good pussy while you're on tour, oh!
