

I Want 'em All

Meek Mill

We get money, and we fuck bitches
We fuck bitches, and we get money
But we don't ever hate

I can keep a secret with Vicky, have a Minaj with Nicki
And be all under with Lauren and telling Megan good morning
I can keep a secret with Vicky, have a Minaj with Nicki
And be all under with Lauren and telling Megan good morning
Catch me rollin' with Kelly or at the hills with Paris
From Hollywood to the hood I want em all
Man I swear that I want them all, wanna fuck em all
I just hit them all but you cuff them like a log
Shit they say that I'm a dog
I just tell them that I'm grizzly
But I'm cooler than a fan, holla at me when you see me

Yeah, uh

I fuck a lot of hoes, see em I don't never speak
I get a lot of money stack it I don't let it peek
