

# Lil Snupe Skit

Meek Mill

Youngin, been about the money  
These niggas know bout the youngins, these niggas know that I run it  
This nigga call me on the phone  
And I ain't even want him to sign me  
Just knew that he knew my name so it was on  
These niggas knew that I was smoking strong then  
And these niggas already know I was gone come through in the Benz  
These niggas know I don't really even trust friends  
Cause you will commit em homie if we commitin sins  
How I got to Philly, rode on the bus, Greyhound  
Man I heard I had to lay it down  
Nigga in the back cupped up, up in a fuckin seat  
But I knew if I got to Meek I was gon kill the fuckin beat  
And could I be a fuckin millionaire, trillionaire  
And people look at me, now they say yeah it's really here  
These niggas here, we hated ya'll  
Yea I got the 80 cocked  
They tellin me, damn boy you ain't in a day top, you ain't in the car  
When I roll to Philly I rolled in a Bentley  
First nigga sent me my Bentley, this nigga Meek Millie  
From my city you don't see shit like that  
Yea it's greatness, this shit right here amazing  
It's crazy to know that I rolled in a Ferrari today  
First time ridin in a Ferrari was today  
But see me, I'm a do it up in there, just made your way  
But these niggas they tryna take me and nigga I just can't play  
I'm a youngin, last week we was everywhere  
Real shit, nigga we was everywhere  
Flew home, Monday had a fight  
Nigga we was thuggin, goin hard out all night  
Then I had a wreck, man this shit right here is crazy  
But I'm a fuckin star, man this life here, it's amazing  
Police didn't come, that shit right there I don't believe  
That this that, this shit right here happenin to me  
Tuesday I was chillin  
Girl named Kiara, I swear to gosh I was killin  
She just knew that I was feelin  
A young nigga was feelin  
And she wanted me cause a nigga was fresh back from Philly  
So I was rollin blunts all day  
So I had to get it nigga in the hallway  
Nigga I already know I was headed to the top  
By 9 o'clock pussy ass niggas spinned the block  
The same pussy niggas, I had a fight with on Monday  
The nigga tryin to kill me, funeral by Sunday  
But mama never was gon have it, mama never was gon beat it  
So I had to get it, show these nigga that I believe it  
My cousin sayin Snupe, wanna ride on these niggas?  
Tell me if you really wanna slide on these niggas  
Then Meek text me, said what would you do?  
Then I said man this shit a test but what should I do?  
He said Snupe if wanna get him, I'm wit him  
I said fuck these niggas, in a year, we gon get em  
I got it right now, I gotta go and get these millions  
Told these people that I'm with it so these people gotta get it  
These niggas tryna take me to the under, I'm thug  
These niggas tryna Twitter beef so they can get some buzz

But me I'm a young nigga, these niggas be with the thugs  
And I got niggas when I say so they really will hit you wit slugs  
Happened at the battle, it was 10k  
Most money I ever made, 10k  
10k, it was crazy man, this shit was winnin  
I won fuckin 10k up in 30 minutes  
It was an easy battle  
I ain't gon lie, it was simple  
Pussy nigga had no brain, felt like he was mental  
Young nigga comin, these niggas know that we was into  
He was rappin like his ass was playin the instrumental  
Fuck niggas actin like I ain't been in one  
A great nigga, they invented one  
Mama and daddy, they had a king for real  
Man I swear I'm livin out my people dreams for real  
I do my thing right now, my daddy ain't livin' dreams  
Mama ain't livin' dreams, granny ain't livin' dreams  
My cousins ain't livin' dreams so you know what I'm a do?  
I'm a live all out through Snupe, we gonna rock

Moment of silence... for Lil Snupe
