

# My Niggas

Meek Mill

I pray to God man that we ball for a hundred summers  
You know me I did it for my niggas man  
And I want everything my niggas want  
You feel me

I want everything my niggas want  
Except for the hoes they fucking  
But if they happen to fuck my hoes  
Then I fuck their hoes and its nothing  
Cause we all living life and we stuntin'  
My niggas was there when they wasn't  
And these bitches be there when you buzzing  
And now that we here all these bitches they fucking  
And all of a sudden these niggas be hating  
They told me I never would make it  
My niggas was down when these niggas was faking  
Now we run the town and they mad that we made it  
But we wasn't mad when these niggas was on  
Fuck y'all thought we was doing  
When I was putting in all that time  
Grind hard nigga you gon' shine  
Like a diamond in the sky  
And these words I can't describe  
How I miss my niggas that died  
I'll war with the reaper to see them two times  
My brother's my keeper its never two sides  
Its DC or nothing nigga  
And all these niggas screaming fuck us  
Cause they hoes fucking with us

I gon' ride with my niggas  
Even if a nigga ball or fall, I know I'mma be alright with my niggas  
If we keep grinding, tell 'em where to buy me or find me  
Everything my niggas want  
I want everything, I want everything  
I want everything my niggas want, everything  
I want everything, I want everything  
And I want everything my niggas want, everything  
I want everything, I want everything  
I want everything my niggas want, everything my niggas want

I want everything my niggas want  
Buy a foreign give my nigga one  
Hundred thou give my sister some  
Bought momma crib get her a bigger one  
This year for my day ones  
That stayed down when we ain't get to run  
Flying jet and fucking hoes  
Everybody can't get to come  
Everybody can't be the boss  
Keep your head up, you gon' see the stars  
Put your head down you gon' see the ground  
On the tour they got to see me now  
All this food they got to eat it now  
What all you haters forgot  
What you forgot that I paid all my dues

I was like twenty I purchased a watch  
Back when I prayed to God to get a brick, nigga  
Prayed to God to be a rich nigga  
Prayed to God to get a brand new Rollie  
All flooded on my wrist nigga  
Timing is everything  
I love all my niggas and my family is loyal  
I'm buying them everything  
Put Papi through college and everything

I gon' ride with my niggas  
Even if a nigga ball or fall, I know I'mma be alright with my niggas  
If we keep grinding, tell 'em where to buy me or find me  
Everything my niggas want  
I want everything, I want everything  
I want everything my niggas want, everything  
I want everything, I want everything  
And I want everything my nigga want, everything  
I want everything, I want everything  
I want everything my nigga want, everything my niggas want

All of my niggas its all of my niggas  
I swear we won't fall out for money or hoes  
All of my niggas its all of my niggas  
We busting them down if they come by the load  
Down by the code  
Get it, you flip it, you bag it, you add it, divide and subtract it  
You niggas spending your cop money profit  
The fuck is you doing? Hustling backwards

How you gon' get money like that  
I just talked to my nigga on the phone  
He said, "Meek Milly, you did for the team again"
