

Doubted Me

Meekz

(You are now listening to Young Chencs)
Still can't believe man doubted me
Now all man say is, "You never shouted me"
I try not come out of the house for free
Like, what's the amount and fee?
How can you say you ain't proud of me?
Probably 'cause you weren't OT, couch with me
In that dirty house with me
I swear these man got it out for me

Still can't believe man doubted me
Now all man say is, "You never shouted me"
Try not come out of the house for free
Like, "What's the amount and fee?"
How can you say you ain't proud of me?
Probably 'cause you weren't OT, couch with me
In that dirty house with me
I swear these man got it out for me

Make sure the door's locked while I count this P
I came way too far, now I'm out of reach
Reach for the stars, fuck a mountain peak
Now when I look down, it's deep
I feel like I might fall if I fall asleep
I ain't had much sleep, on tour this week
Too many hoes, man, I'm bored of freaks
(Keep tellin' me they need more of Meekz)
You man mongs
Most dangerous thing is the human tongue
I ain't even spoke to the shooters once
Still can't believe that you doubted man
I even started my album plan
Alcatraz, escape the mind
Time for the 419
I think that it's outfit time
When you mention names, should be shoutin' mine
Count to five, one two, three, four, five
B-Day vibes, wish me more life
Tour time, on the road over a fortnite
Kick down the door time, more time (Baow)
It hits different when nobody can't steal your shine
Still not rich, but we far from poor time
Hate when man don't support mine
But keep man sweet just in case it's wartime (Baow, baow)

Still can't believe man doubted me
Now all man say is, "You never shouted me"
Try not come out of the house for free
Like, "What's the amount and fee?"
How can you say you ain't proud of me?
Probably 'cause you weren't OT, couch with me
In that dirty house with me
I swear these man got it out for me

Writ statements, but that didn't change us
Little minors, man are big majors (Yeah)
Risk takers, four-fifth stainless

Be on the news at three if somebody did try steal off me
I'm starvin', you couldn't try make a meal off me
How man act bad, then when I react, act like rats, then squeal on me?
They knew it weren't me, that's why man try throw a deal on me, stupid snitch
hes
Can't you see I'm a movin' business? I'ma abuse this system
Do something different, need me a hundred billion listeners
Run it up, got a hundred million blisters (Run it up, run it up)
Every day Christmas for my brothers and sisters, mothers and mistress
This year, summer was different, man had a mission
Shut down festivals and stay distant (Shut down)
Take wisdom, stay consistent, stay persistent
Now I need me a personal assistant and my own chef in the kitchen (Chef)
Rest up Virgil, I miss him (Rest up Virgil, I miss him)

Still can't believe man doubted me
Now all man say is, "You never shouted me"
Try not come out of the house for free
Like, "What's the amount and fee?"
How can you say you ain't proud of me?
Probably 'cause you weren't OT, couch with me
In that dirty house with me
I swear these man got it out for me

Now all man say is, "You never shouted me"
Like, what's the amount and fee?
Probably 'cause you weren't OT, couch with me
In that dirty house with me
I swear these man got it out for me
