

# Trapstar

Meekz

How is you a trapstar if you never seen a brick?  
Say they want my greazy shit, but I does this the easiest  
Must be all the feens I hit  
The fans just wanna see me rich  
How is you a trapstar if you never seen a brick?  
Say they want my greazy shit, but I does this the easiest  
Must be all the feens I hit  
The fans just wanna see me rich

Before rap I had like fifty names  
I'll have my shiny suttin spinnin' like 50's chain  
I'm on this motorway just switchin' lanes  
While she gives me brains  
But I ain't drivin' right now, I'm in the back of the Wraith  
My little mate just wanna see me hop back in the maze  
Load 'em up and say I'm back in the place  
Get back in my ways  
Kidnappin' the fakes  
Or I can do a show and pack out the place  
I'm tryna smack out my tape  
But they just wanna see me smack the estate

How is you a trapstar if you never seen a brick?  
Say they want my greazy shit, but I does this the easiest  
Must be all the feens I hit  
The fans just wanna see me rich  
How is you a trapstar if you never seen a brick?  
Say they want my greazy shit, but I does this the easiest  
Must be all the feens I hit  
The fans just wanna see me rich

Everybody traps now  
Everybody raps now  
Everybody's bad now, I'm tryna do good  
Maybe I should put the mask down or I should do one last round  
Move one last pound  
Leave the game, clean my name  
Forget man's background  
I'm a star in the trap  
In the T, I off B like Starrish an' that  
Backstabbers left scars in my back  
But I'm always on point  
So I'm hard to attack  
I go hard in the paint, I go hard in the trap  
I find trappin' easy, but it's hard to relax  
Rappers on my dick to go halves on a track

Before rap I had like fifty names  
I'll have my shiny suttin spinnin' like 50's chain  
I'm on this motorway just switchin' lanes  
While she gives me brains  
But I ain't drivin' right now, I'm in the back of the Wraith  
My little mate just wanna see me hop back in the maze

How is you a trapstar if you never seen a brick?  
Say they want my greazy shit, but I does this the easiest  
Must be all the feens I hit

The fans just wanna see me rich  
How is you a trapstar if you never seen a brick?  
Say they want my greazy shit, but I does this the easiest  
Must be all the feens I hit  
The fans just wanna see me rich

How are you a trapstar?  
Look like you never seen a strip  
How they sellin' balllys for?  
Probably never even seen a lick  
How they sellin' street wear?  
If they ain't even greazy kids  
I'm 'bout to hit 'em with my new-season drip  
And I don't give a fuck who's feelin' this  
If it feels like a diss, then it's a diss  
Suck my dick
