

## A Few Tomorrows

Meet Me @ The Altar

This isn't a real goodbye  
Only a see you later  
This isn't a time to cry  
You'll see me real soon I swear  
Days'll fly by  
I'll be back 'fore you know  
Only a couple nights  
Only a few tomorrows

I know it hurts but soon you'll see  
So we just gotta let it be  
I'll be here counting these stars without you  
Maybe you're counting 'em too  
Nobody misses you more than I do

This isn't a real goodbye  
Only a see you later  
This isn't a time to cry  
You'll see me real soon I swear  
Days'll fly by  
I'll be back 'fore you know  
Only a couple nights  
Only a few tomorrows

Love never breaks it only bends  
This isn't something that can end

I'll be here counting these stars without you  
Nevemind counting sheep  
Won't be much longer now you'll be with me

Only a few tomorrows  
Only a few tomorrows  
Only a few tomorrows  
Only a few tomorrows

This isn't a real goodbye  
Only a see you later  
This isn't a time to cry  
I'll see you real soon I swear  
Days'll fly by  
I'll be back 'fore you know  
Only a couple nights  
Only a few tomorrows

Only a few tomorrows  
Only a few tomorrows  
Only a few tomorrows  
This isn't a real  
This isn't a real  
There's never a real  
'Til tomorrow
