

## Hit Like A Girl

Meet Me @ The Altar

Got strength, no brute  
Nothing to prove  
They just don't know about it  
Got grace and truth  
It's nothing new  
They just forgot about it  
Naturally I'm shocking  
I don't care who's watching  
No, we don't lose  
That's nothing new  
They just try to ignore it

Revolt, refuse  
Stand tall, you deserve  
Respect, salute  
Won't say sorry cause

I'm tough  
I'll save the world and won't even break a sweat  
No bluff  
I'm witty, yeah I know how to use my head  
Said I'm too loud  
I should sit down  
No, I've got a lot to say  
So what  
I'm rowdy, yeah I hit like a girl

Hit like a girl!

Got things to do  
I'm making moves  
And so are you, I know it  
You got it girl  
This is your world  
I'll be right there supporting  
Count on me  
I'll count on you to be my solace  
Just take my hand  
Now is the chance  
Now is our chance

Revolt, refuse  
Stand tall, you deserve  
Respect, salute  
Won't say sorry cause

I'm tough  
I'll save the world and won't even break a sweat  
No bluff  
I'm witty, yeah I know how to use my head  
Said I'm too loud  
I should sit down  
No, I've got a lot to say  
So what  
I'm rowdy, yeah I hit like a girl

Ladies and ladies

No gentlemen  
Show me what you got  
Do it

Don't stand for disrespect  
We all deserve the best  
Won't settle, won't take less  
Don't like it  
The door's to the left

I'm tough  
I'll save the world and won't even break a sweat  
No bluff  
I'm witty, yeah I know how to use my head  
Said I'm too loud  
I should sit down  
No, I've got a lot to say  
So what  
I'm rowdy, yeah I hit like a girl
