

Miscommunication

Meet Me @ The Altar

I see you all around but we don't know
Each other
It's hard to get a grip on something you don't understand
But I have a plan, to go where I could get to you

I wanna get to know you
And all the things that you do
I'm not afraid
I hope that's okay
I hope you think about me

I feel like there's some miscommunication
We want to speak the same words
But we let our eyes just do the talking
This could be so simple but we make it difficult
I don't know why
Maybe it takes a leap of faith to get things going

I wanna get to know you
And all the things that you do
I'm not afraid
I hope that's okay
I can't think when you're around
When in my room
I think of all the things I could have said
But I just wrote these words instead

You make me nervous
When I'm in your presence I just shut down
I just can't help it
I wrote this song so I could say the things that I can't say

I wanna get to know you
And all the things that you do
I'm not afraid
I hope that's okay

I wanna get to know you
And all the things that you do
I'm not afraid
I hope that's okay

I can't think when you're around
When in my room
I think of all the things I could have said
But I just wrote these words instead
