

## Exceptional Zed (Reprise)

Meg Donnelly

I know that I may be different  
Who that's exceptional isn't  
We have a spark that can change things  
It's not a curse, it's amazing

I'm Exceptional Zed  
And so are my family and friends  
We're artists, athletes and activists  
Who always give it our best  
We don't need to pretend  
'Cause we won't ever fit in  
And we're not just awesome in spite of that  
We take pride in that instead  
We're all exceptional
